The essential kitchen guide
lynasfoodservice.com

WE WANT TO SAY... THANK YOU

2019 was a tough year for everyone at Lynas as we lost a colossus in Dad.

Dad (Norman) was a huge driving force and personality for over 50 years in this business and I know his loss will be felt by many of you as well.

I want to personally thank you for the kind letters, cards, emails and calls that I received; it meant everything. Thankfully we know that Dad is now in heaven and are grateful for the legacy he has left us.

One of those legacies is the incredible staff we have. Everyday they take orders, pick boxes, deliver products and so much more whilst at all times - serving you, our Customer.

Yet as the author Simon Senek said "Best is not a permanent state, we strive for better". We hope this is your experience of Lynas Foodservice and we continue to be better and deliver you more.

My prayer for 2020 is that your business continues to grow and thrive because without you we are nothing!

Thank you for your continued support

—

God Bless,
Andrew Lynas

A PASSION FOR BUTCHERY

From **Steaks**
to **Roasts**
we've more than
you thought

Our people have a passion for butchery and are continually mastering their craft so we can bring you the best. This is what sets us apart from the crowd.

Our butchers carefully select, cut and prepare your product with the skill and knowledge you expect. We bring the flare from the butcher's shop into the foodservice environment, ensuring that every order meets your expectations.

We have evolved into a bespoke craft butchery that values provenance, hard work and vision. Throughout recent years, our family of craft butchers has grown and so has our unique butchery premises. This means we provide the best meat in Ireland and Scotland with unprecedented quality.

From steaks to roasts, we've more than you thought.

The quality is beyond what we expected & our customers keep coming back for more.”

WE'VE GOT FRESH SEAFOOD

From **Prawns**
to **Monkfish**
we've more than
you thought

We know our heritage and where our business originally started: a small fishmongers shop on Brook Street, Coleraine owned and run by Bobby Lynas.

People came from far and wide to buy the freshest and finest fish and three generations later, we are proud to continually supply a wide range of quality seafood to our customers.

Quality food is part of our core and will always be close to our hearts. That's why we work closely with the best seafood suppliers because they are as passionate as we are.

From prawns to monkfish, we've more than you thought.

It's amazing,
we order fresh
seafood and it is
delivered the next
day. The standard
is exceptional."

TIME TO GO GREEN

From **Bagasse** to **Compostable** we've more than you thought

Some movements start as trends and then become necessities. Compostable packaging is one of them.

Today, businesses across all industry sectors accept they can't afford to ignore it. In fact, you'll be hard pushed to find any market-leading brand that doesn't have sustainability at the core.

The environment matters to the customer, increasing numbers of consumers are seeking out responsible businesses and products. Some even go as far as to boycott brands that operate irresponsibly.

And they are behaviours that are particularly prevalent amongst younger generations; the type of demographic most likely to spend money on eating out.

If you want millennials and Gen Zs (born between 1996 and 2010) spending money in your business you need to think green and find ways to tell your customer that story.

So, what is compostable packaging we hear you ask? Compostable means that a product is capable of disintegrating into natural elements in a compost environment, leaving no toxicity in the soil.

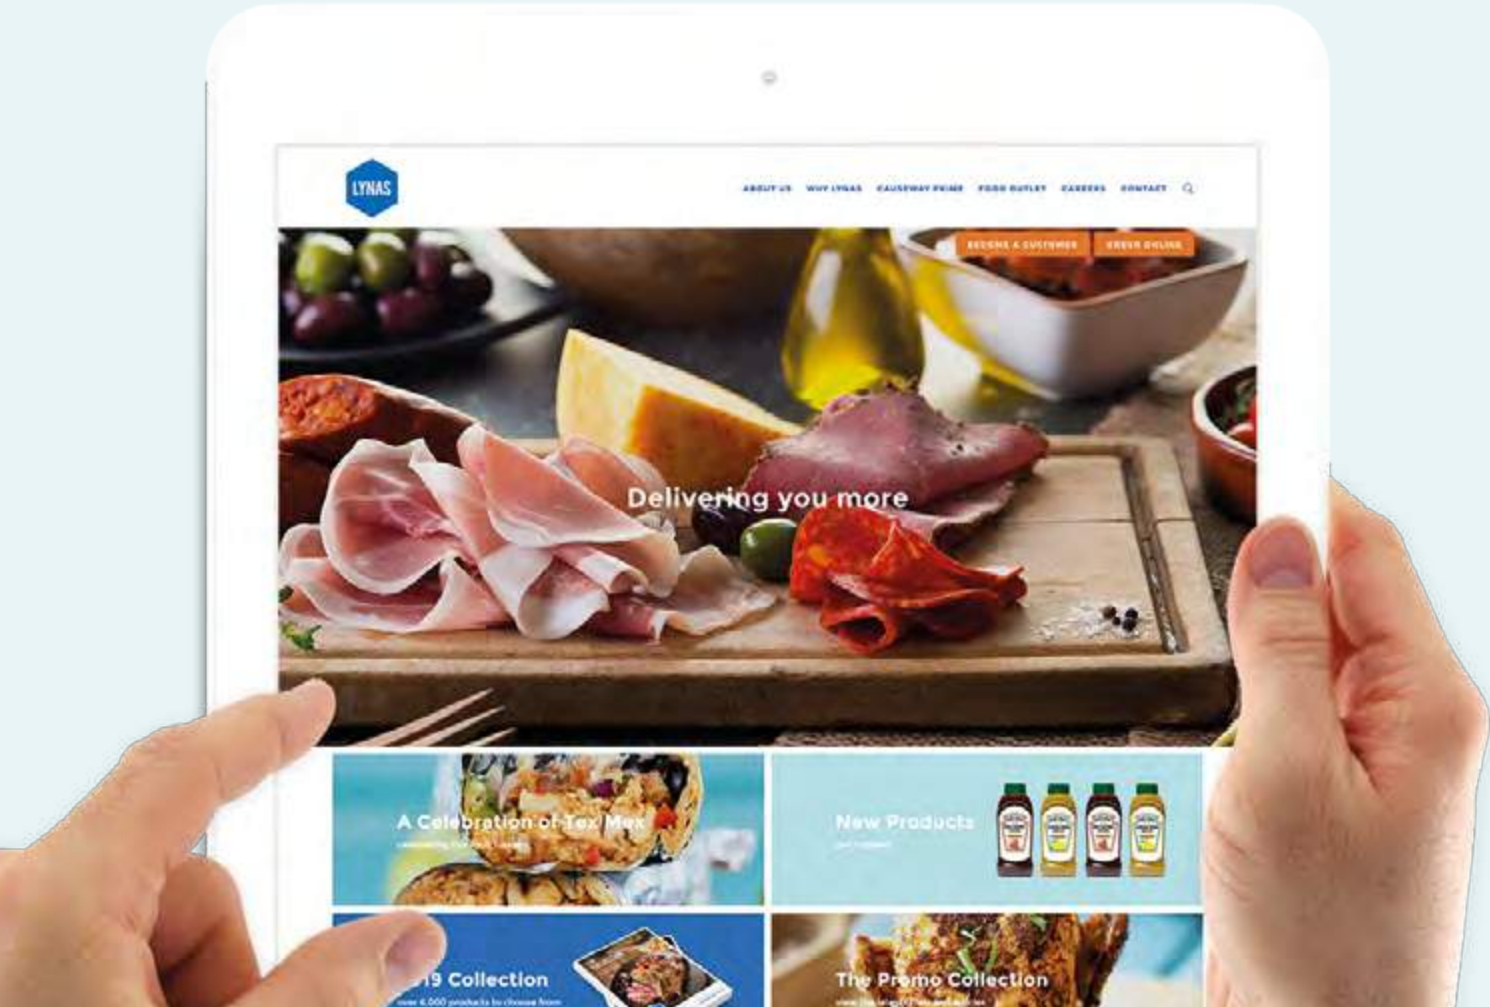

Tell your story about going green to your customers. Get ahead of the green game.

From bagasse to compostable, we've more than you thought.

DISCOVER THE PERFECT CUP, EXPERIENCE THE PERFECT ROAST

We are passionate about quality and dedicated to a simple but demanding philosophy: always serve great coffee.

WHY ROAST 440?

Roast 440 is our own brand of coffee, designed with independent coffee shops, cafes, pubs, restaurants and hotels in mind. Our experts are painstaking about every aspect of Roast 440, the origin of the beans, the roasting process, the blends we create... That's why you can be confident of delivering a perfect cup of coffee every time.

Roast 440 provides a high quality range of coffee beans and filter coffees to suit every taste, with a variety of roasts plus single origin and Rainforest Alliance options. Each blend has been carefully selected and balanced, using the finest coffee beans for each application.

Best of all, Roast 440 means your margins will be as satisfying as your coffee.

DID YOU KNOW?

— 440°F is the optimum roasting temperature for coffee beans. Less heat would fail to release the maximum flavour and aroma. More heat can cause burning leading to bitterness.

QUALITY

Roast 440 coffee beans are roasted with precision to extract the truest flavours and create fabulous coffee.

There are two main types of coffee bean, Arabica and Robusta. We use both, sometimes pure, sometimes in blends, to achieve a range of strengths and flavours.

- Arabica beans are sweeter with a softer taste, more complex flavours and fruity, sugary notes. Much cleaner acidity.
- Robusta beans are stronger, with a grainier taste and higher caffeine content. This bean produces an espresso with more crema, making for increased mouthfeel - which is why Robusta tends to be used in traditional espresso blends.

ORIGIN

We travel the world sourcing the highest quality beans wherever they grow, from Brazil and Colombia to Ethiopia, India and Central America. Then we create blends in which the different strengths and flavours work harmoniously together, enabling you to offer the perfect coffee for every application.

THE MOST POPULAR TYPES OF COFFEE

People are passionate about their favourite style of coffee, so it's essential to know exactly what they're ordering. Here's our at-a-glance guide.

LATTE

A traditional milky drink made by lengthening espresso with textured steamed milk.

AMERICANO

Simply an espresso lengthened with hot water. Milk can be served on the side if requested.

MOCHA

A latte with chocolate mixed in. Also known as a mochaccino.

FLAT WHITE

A shorter, stronger version of a latte. Typically half espresso, half textured milk.

CAPPUCCINO

Take an espresso, add steamed milk and finish with foamed milk. Stronger than a latte because there's less milk.

ESPRESSO

The classic concentrated 'shot' of coffee, made by shooting boiling water at high pressure through finely ground beans. Extraction time from start to finish is 20-30 seconds.

THE ROAST 440 RANGE

We start with the finest freshly roasted beans, and supply them as whole beans or ground coffee. The blends have been lovingly created to guarantee the quality that gives your customers a great cup of coffee every time.

The secret of a truly grate pizza

The perfect pizza is about so much more than taste. It's about texture, how fabulous it looks, and even how well it 'performs'...how well the cheese stretches.

So here's the good news. The newly branded, twice graded Spinneyfields range includes no fewer than seven grated pizza cheeses, all designed for optimum results in pizza ovens.

They melt, cover and brown exactly the way you want them to...and then they stretch beautifully too.

Choose from 100% Mozzarella, 100% Cheddar blends, or blends of Mozzarella and Cheddar.

Spinneyfields Grated Pizza Cheese. Perfect performance, every time. And that's what's winning the approval of chefs.

Quality Irish Pork Sausages

Crown Your Meal with McWhinney's

The King of Sausages

To find out more about McWhinneys Sausages, visit us at www.mcwhinneys.com

Dew Valley was the first company in Europe to introduce the benefits of microwave technology to the commercial production of cooked bacon. We are European leaders in microwave technology, enabling us to supply a wide range of exceptionally consistent products. We use only the finest raw materials from Ireland, the U.K., and selected EU sources.

Our ready-cooked streaky rashers already enjoy a significant share of the U.K. prepared bacon sandwich and burger market and we have diversified into value added products to satisfy the requirements of our customers.

The perfect indulgent combination

Brie & Bacon Flatbread

Sweet caramelised onion chutney spread thickly on a flatbread loaded with crispy bacon and topped with creamy melted brie.

A little more about Becketts

Established in 1983, we're a family-run business with a passion to deliver bacon at its best. We treat bacon differently. Quite literally. Only the best quality makes the grade of course. From back to streaky, rib-free to dry cure, we cater for bacon lovers around the UK and beyond with our extensive range.

The secret of a truly grate pizza

The perfect pizza is about so much more than taste. It's about texture, how fabulous it looks, and even how well it 'performs'...how well the cheese stretches.

So here's the good news. The newly branded, twice graded Spinneyfields range includes no fewer than seven grated pizza cheeses, all designed for optimum results in pizza ovens.

They melt, cover and brown exactly the way you want them to...and then they stretch beautifully too.

Choose from 100% Mozzarella, 100% Cheddar blends, or blends of Mozzarella and Cheddar.

Spinneyfields Grated Pizza Cheese. Perfect performance, every time. And that's what's winning the approval of chefs.

Authentic Italian Pizza Bases

Our premium quality pizza bases are made in Bologna, Italy, using '00' grade flour, 80% sour dough, yeast, salt and a little olive oil. All bases are hand rolled, rested and proven over a two day period.

Once topped with a special Italian recipe sauce made with the finest cooked tomatoes, olive oil and oregano they are par-baked in a wood burning furnace to trap and retain all the natural authentic flavours.

They are then blast frozen and have a twelve month shelf life.

In keeping with traditional Italian standards, there are no preservatives, additives, colours or GM products in our bases.

“It tastes as good as it looks!”

Over 60 years ago we opened our family bakery in Strabane.

Bread, confectionery and savoury pastry produced fresh every day, using quality ingredients seasonally sourced from local growers and producers.

Our food carries our name. So we take great pride and care in ensuring that every product lives up to the same high standards we set when it started all those years ago.

We won't make it unless it tastes as good as it looks!

SWEET STREET EST. 1979

Sweet Street...great for repeat business

Honduran Chocolate Manifesto Brownie (Certified Gluten Free & IW)

Baked with only cage-free eggs, our own blend of gluten-free flour, sustainable chocolates and ingredients free of artificial additives—yet the star of these irresistible brownies is the purely dark Honduran chocolate.

(5497)

Cookies & Cream Brownie

A luxurious new twist on a childhood favourite. Double layers of chocolate cookie brownie sandwiching white chocolate cheese loaded inside and out with vanilla filled chocolate sandwich cookies. An icon evolving to vintage deluxe.

(5594)

Toffee Crunch Blondie

It's like sinking into a quilt of richness. A buttery blondie studded with creamy white chocolate chunks and loaded with semi-sweet chocolate and chewy pieces of toffee. Pair it with coffee and prove blondies have more fun.

(5617)

Lemon Raspberry Crumb Bar

Our refreshingly tart lemon curd graciously married with bright raspberries all sitting on a buttery cake and crisp crust. Finished with crunchy crumbs and a dusting of powdered sugar.

(5604)

Chocolate Peanut Butter Stack

Sweet and salty peanut butter crunch, light and creamy milk chocolate and buttery caramel, all layered twice on our lighter than expected brownie-cake hybrid. Finished with crunchy honey roasted peanuts.

Six generations of the Taylor family have been growing England's finest potatoes in Cambridgeshire's rich Fenland soil since the 1800s.

In 2010 the Taylor family undertook a new idea and fried the potatoes, the result was a huge success and soon the family were producing Corkers Crisps for enthusiastic foodies!

Ten years later there have been many new flavours, but the queen of them all are these delicious vegetable crisps!

Like a basketful of texture and taste harvested from a lovingly tended garden, with a perfect pitch of natural seasoning, we present Sweet Potato, Parsnip, Carrot and Beetroot crisps.

They are full flavoured gluten free crisps the Corkers way!

SHOW YOU CARE, CHEF!

GREAT TASTE MATTERS - INSIDE AND OUT

We are now in the process of changing our plastic packaging to new, environmentally friendly and functional Taste Packs produced with raw material from renewable sources and FSC-certified. This is a switch towards a more sustainable world that we're very proud to be a part of.

And we've given the inside of many of the products a lift too, with a more refined mix of ingredients, less preservatives as well as less salt and sugar whenever possible.

Also, each Taste Pack is colour coded to make it easier for you to find what you're looking for on the shelves.

We're sure you'll appreciate the grip friendly size too and the window on the side for a better overview of the content.

Want to read more about the change and why we're making it? Head over to our website!
